

# Training for Schools

With budgets under pressure, Government and public expectation of schools remains high. Make the most of your Teaching Assistants and improve motivation and performance by up-skilling staff to help cover supervision.

We can help with a range of training designed for school support staff. We offer:

**Level 2 Certificate in Supporting Teaching and Learning** – for Teaching Assistants who work under the teacher's direction.

**Level 3 Diploma in Supporting Teaching and Learning** – for experienced Teaching Assistants working independently: planning, delivering and evaluating activities and sessions with pupils.

**New Qualification! Level 3 Certificate in Cover Supervision of Pupils in School** – for Cover Supervisors who supervise pupils carrying out pre-prepared work.

The training is funded through the Government's Apprenticeship framework and includes FREE Functional Skills qualifications in English, Maths and ICT. We can also run Business Administration and Customer Service courses for your office and reception staff.

## Why train with Brockenhurst?

*“ I started off as a volunteer 'parent helper' at Parley First School before being recommended to do the level 2 course. The teaching staff at Brockenhurst are fantastic and I couldn't have asked for a better tutor - you could contact them out of hours if you had a question or needed advice. Since doing the course I definitely have lots more confidence and the children respond to me so much better which is a real benefit for them. I've even taken on my own projects with children outside of work which I would never have done before. I would definitely encourage others to do this course as it was really enjoyable and has helped me to secure employment. ”*
